Section 1: Cover Letter

Date: 24 Nov, 2025 (Monday)
Attn: Mickey Rich | Email: mrich@paradiseirrigation.com

Radixsol, a government-focused and certified **Minority Business Enterprise (MBE)**, **Women Business Enterprise (WBE)**, and **Certified Small Business (SB)**, is pleased to submit this proposal in response to the **Paradise Irrigation District's (PID)** Request for Proposals for **Human Resources Mentor / Consultant Services**.

We understand that PID is navigating a critical phase of organizational rebuilding and modernization following the challenges of recent years, including recovery from the **2018 Camp Fire**. As a California special district committed to **transparency, accountability, and integrity**, PID is focused on strengthening its HR function not only to ensure compliance but also to build a resilient and consistent framework for workforce management.

Our team recognizes that PID's **HR & Payroll Manager** plays a key role in recruitment, benefits, payroll, labor compliance, and employee relations. In a small, collaborative workforce, the need for scalable systems, standardized processes, and professional mentorship is essential. We understand that PID is seeking a strategic partner who can provide practical tools, expert guidance, and leadership support to elevate HR operations and empower managers across departments.

The scope of work outlined in the RFP reflects a comprehensive and forward-looking approach to HR development. From reviewing policies and systems to ensuring compliance with **FMLA, CFRA, ADA, FLSA, and Cal/OSHA**, PID is prioritizing consistent, fair, and legally sound practices. The development of an **HR Manager Toolkit**, updated **Employee Handbook**, and **performance evaluation framework** demonstrates a strong commitment to equity, clarity, and accountability.

We also understand the importance PID places on mentorship and professional development. Building internal HR leadership capacity through structured guidance and training is vital to long-term sustainability. The inclusion of a **training tracking system** and **final capacity-building report** further underscores PID's intent to institutionalise best practices and measure ongoing improvement.

Radixsol is well-positioned to support these goals. Headquartered in **Folsom, California**, and incorporated in **2023** as a privately owned **S Corporation**, we have successfully delivered HR and consulting services to numerous public and private organizations, including the **State of Michigan**, **State of Colorado**, **Ford Motors**, **American Medical Association**, and multiple **California state agencies**. With a team of **150+ professionals** and over **$11 million in annual revenue**, we bring the expertise, agility, and commitment needed to deliver on PID's objectives.

We appreciate the opportunity to collaborate with the **Paradise Irrigation District** and are confident in our ability to provide mentorship, strengthen leadership capacity, and establish a sustainable HR foundation that supports the District's continued success.

Sincerely,

Kamaldeep Singh Arora, Vice President

1. Firm or Consultant Background

Radixsol is a **California-based consulting and workforce solutions** firm headquartered in **Folsom, California**, providing strategic human resources, workforce management, and compliance consulting services to clients across the United States and internationally. Established in 2023, Radixsol was founded on the principles of innovation, accountability, and partnership, with a mission to deliver tailored HR and workforce solutions that help organizations enhance compliance, operational efficiency, and long-term capacity. Our operations span the United States, Canada, Mexico, the Philippines, and India, serving mid-sized enterprises to Fortune 1000 clients

Why Radixsol?
▪ California-based MBE, WBE & SB Certified Firm ▪ Specialized in Public-Sector HR Consulting ▪ Team of 150+ HR and Workforce Experts ▪ Proven Success with State & Enterprise Clients ▪ Experienced in HR Modernization ▪ Focused on Mentorship & Capacity Building ▪ Technology-Enabled HR Support ▪ Strategic HR & Business Partnering ▪ HR Analytics & Data-Driven Insights ▪ AI & Digital HR Transformation ▪ Learning, Development & Upskilling ▪ Diversity, Equity & Inclusion (DEI) Leadership ▪ Local Presence, National Reach ▪ Commitment to Quality and Accountability

As a certified Minority Business Enterprise (MBE), Women Business Enterprise (WBE), and Certified Small Business (SB), Radixsol takes pride in fostering inclusion and equity both within its operations and in the services it delivers to clients. These certifications reflect our commitment to supporting diverse communities while ensuring that our clients receive the highest standards of professional integrity, responsiveness, and technical expertise.

Radixsol operates with a national service footprint and global reach, supported by a multidisciplinary team of more than 150+ professionals, annual revenue of **$11 million,** with expertise spanning human resources, labour relations, compliance management, workforce development, payroll administration, and policy modernization. Our scalable delivery model allows us to partner effectively with both public agencies and private enterprises, tailoring our solutions to meet the unique operational, regulatory, and organizational needs of each client.

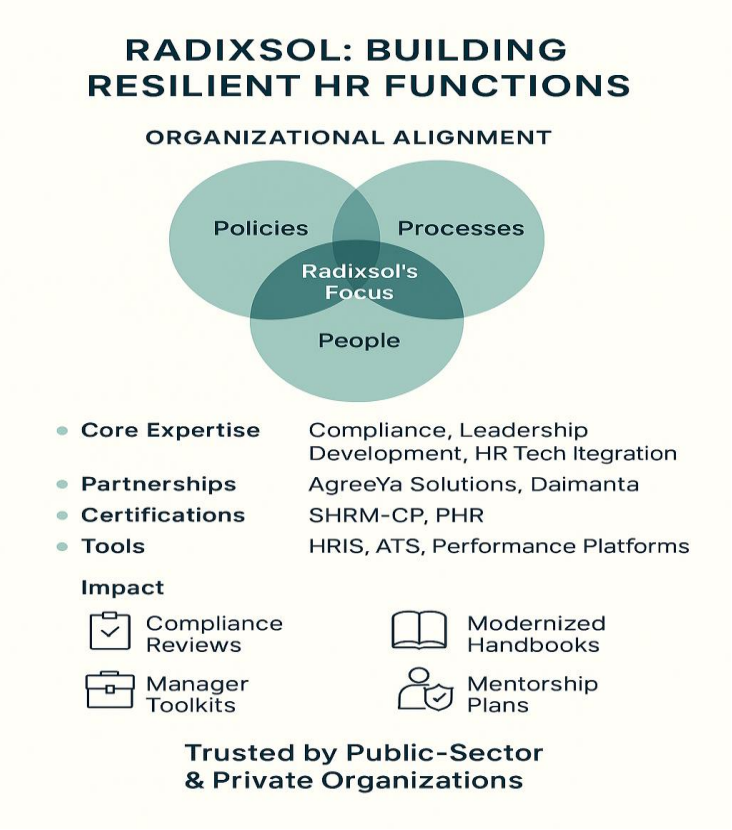
Our team has successfully supported a wide range of clients, including the State of Michigan, State of Colorado, multiple California state departments, and enterprise organizations such as Ford Motors, American Medical Association, Cognizant, and Wipro Technologies. Through these engagements, Radixsol has developed a strong track record in HR transformation, compliance alignment, and organizational development, consistently helping clients implement efficient systems that drive accountability, fairness, and results.

Radixsol possesses a deep understanding of the state's labor regulations and public-sector standards, including compliance with FMLA, CFRA, ADA, FLSA, and Cal/OSHA. Our proximity to key state and local agencies ensures we remain well-versed in the evolving landscape of employment laws, collective bargaining agreements, and HR best practices relevant to California special districts. we believe that successful HR consulting goes beyond compliance; it is about building capacity, developing leadership, and creating sustainable systems that empower organisations to thrive. This philosophy aligns directly with the Paradise Irrigation District's mission to strengthen its HR function through modernisation, mentorship, and consistency. As a trusted partner, Radixsol is committed to delivering practical, forward-looking solutions that support PID's operational goals and long-term success.

2. Experience summary

Radixsol has partnered with a wide range of organizations to strengthen human resources operations, improve compliance, and cultivate confident HR leadership. Our consultants are known for becoming trusted allies to management teams, offering structured, practical guidance to navigate everyday HR challenges. Radixsol's work focuses on creating environments where policies, processes, and people are aligned, transparent, and sustainable.

Our experience includes collaboration with public-sector and quasi-governmental entities, where compliance with California employment law and labor relations frameworks is essential. We bring deep familiarity with regulations such as FMLA, CFRA, ADA, FLSA, and Cal/OSHA, and apply this knowledge to real-world HR systems, documentation practices, and technology-enabled workflows.



In partnership with ***AgreeYa***, Radixsol contributed to workforce planning, HR process standardization, and leadership development initiatives. These projects emphasized operational efficiency and compliance, refining Radixsol's mentoring model for developing internal HR leadership and supporting organizational performance.

Radixsol also supported ***Daimanta*** in enhancing HR policies and improving employee experience. This engagement involved creating structured documentation processes, communication strategies for management teams, and templates that promoted consistent application of workplace policies. As part of this effort, Radixsol worked with HR technology platforms to streamline documentation, onboarding, and performance tracking, ensuring that digital systems supported accountability and transparency across the organization.

Beyond these partnerships, Radixsol has advised various organizations through HR system reviews, policy evaluations, and mentorship during periods of transition and growth. Our team has extensive hands-on experience with leading HR software and tools, including ***Human Resource Information Systems (HRIS), Applicant Tracking Systems (ATS), and performance management platforms***. We utilized these tools to design efficient recordkeeping systems, automate compliance reminders, and improve workforce reporting capabilities for clients seeking to modernize their HR operations.

Our team holds certifications such as SHRM-CP and PHR and is experienced in working with union environments and interpreting Memoranda of Understanding (MOUs). Through these engagements, Radixsol has consistently delivered tangible results comprehensive HR compliance reviews, development of user-friendly manager toolkits, modernization of employee handbooks, and structured mentorship plans that build internal HR capacity. Each engagement reflects our commitment to combining compliance expertise, people-centred consulting, and the strategic use of HR technologies to help organizations achieve operational excellence.

Our clients recognise us for our professionalism, adaptability, and results-driven mindset. Radixsol excels at understanding organizational culture, collaborating with existing staff, and delivering solutions that strengthen HR structure without disrupting operations.

3. Approach and Work Plan detailing methodology

Radixsol proposes a structured, phased engagement designed to strengthen the District's human resources program, ensure ongoing compliance, and build lasting internal capacity. Our methodology blends public-sector best practices, technology enablement, and hands-on mentorship to deliver sustainable, measurable results. Each phase builds upon the previous one moving from assessment to development, implementation, and sustainability to ensure lasting impact.

Phase 1 – Assessment & Foundation (Weeks 1–6)

Objective: Establish a clear baseline of PID's HR operations and compliance status.

Activities:

- Conduct interviews with the HR & Payroll Manager, leadership, and select supervisors to assess HR maturity, capabilities, and key challenges.
- Review existing documentation, including employee handbooks, HR policies, disciplinary procedures, performance evaluations, training logs, and leave tracking systems.
- Benchmark current practices against California public-sector requirements (FMLA, CFRA, ADA, FLSA, Cal/OSHA).

- Assess existing HR technology tools (e.g., HRIS, ATS) for modernization and integration opportunities.

Deliverables:

- **HR Program Assessment Report** detailing compliance gaps, key findings, and prioritized recommendations.

Phase 2 – Design & Toolkit Development (Weeks 7–16)

Objective: Build the core HR infrastructure and compliance framework to support consistency and accountability.

Activities:

- Develop a Manager Toolkit with templates for performance evaluations, disciplinary actions, leave tracking, and supervisory guidance.
- Design a comprehensive Performance Evaluation and Discipline Framework that defines evaluation criteria, documentation standards, and corrective-action protocols to ensure consistency, fairness, and compliance with applicable MOUs and employment law.
- Update or create a comprehensive Employee Handbook aligned with California law, MOUs, and PID's organizational values.
- Create a Compliance Calendar and Audit Checklist mapping recurring HR obligations and responsible parties.
- Draft standardized forms, letters, and checklists to support consistent HR transactions across departments.

Deliverables:

- **Manager Toolkit**, **Updated Employee Handbook**, **Compliance Calendar**, and **Audit Checklist** ready for PID review and implementation.

Phase 3 – Mentorship, Training & Implementation (Weeks 17–32)

Objective: Embed new HR practices through practical mentorship, supervisor training, and pilot implementation.

Activities:

- Conduct bi-weekly one-on-one mentoring sessions with the HR & Payroll Manager to guide decision-making, documentation, and compliance applications.
- Deliver interactive workshops for supervisors on documentation, corrective action, and performance management.
- Pilot test toolkits and policies in selected departments, collect feedback, and refine materials as needed.
- Introduce a training tracking system and digital workflows to automate compliance alerts and reminders.

Deliverables:

- **Mentorship Plan** and **Session Summaries**, **Training Materials**, and **Pilot Feedback Report** capturing results and adjustments.

Phase 4 – Evaluation, Handover & Sustainability (Weeks 33–52)

Objective: Confirm adoption, measure outcomes, and ensure sustainable internal ownership of HR systems and processes.

Activities:

- Evaluate progress against the baseline established in Phase 1, including policy adoption, training completion, and toolkit utilization.
- Deliver a Final Capacity-Building Report summarizing achievements, lessons learned, and actionable next steps.

- Conduct a handover session with District leadership and the HR & Payroll Manager to ensure internal ownership of all tools and frameworks.
- Offer an optional post-engagement check-in at 3 months to evaluate long-term adoption and address emerging needs.

Deliverables:

- **Final Capacity-Building Report**, **Handover Documentation**, and **Optional Follow-Up Support Plan**.

Technology Integration (Ongoing Across All Phases)

Throughout all phases, Radixsol will integrate and optimize HR technology to streamline and strengthen the District's HR operations.

- Utilize HRIS and ATS platforms to automate compliance alerts, onboarding workflows, and performance tracking.
- Provide hands-on training for HR staff and supervisors to ensure full utilization and adoption of new digital tools.

Deliverables:

- **Technology Integration Summary** and **Training Completion Record**, confirming staff readiness and system adoption.

Radixsol's phased approach provides the Paradise Irrigation District with a clear, actionable, and sustainable roadmap for HR modernization. By combining compliance expertise, practical toolkits, hands-on mentorship, and technology enablement, this plan ensures that PID's HR function becomes not only compliant and efficient, but also confident, consistent, and self-sustaining.

4. Compliance & Risk Management

Radixsol is committed to delivering services that meet the highest standards of compliance, security, and ethical practice. In addition to aligning with all applicable employment laws (FMLA, CFRA, ADA, FLSA, Cal/OSHA), we will implement the following measures:

4.1. Data Privacy & Security

Radixsol ensures strict compliance with the **California Consumer Privacy Act (CCPA)** and other relevant privacy regulations. All employee and organizational data will be handled using **secure, encrypted systems** to prevent unauthorized access. Remote collaboration will occur through **secure platforms with multi-factor authentication**, and all data transfers will follow confidentiality protocols. Role-based access controls and audit logs will be maintained to ensure accountability.

4.2. Equal Employment Opportunity (EEO) & Anti-Discrimination

Radixsol adheres to **EEO principles** and is committed to fostering a workplace free from discrimination and harassment. All policies, training, and mentorship activities will reflect **diversity, equity, and inclusion (DEI)** best practices, ensuring fair treatment and equal opportunity for all employees regardless of race, gender, age, disability, or other protected characteristics.

4.3. Cybersecurity for Remote Collaboration

To safeguard sensitive information during remote mentoring and document sharing, Radixsol will utilize **secure, encrypted communication platforms** and implement **multi-factor**

authentication for all sessions. Our team will follow industry-standard cybersecurity protocols, including regular vulnerability checks and secure file transfer methods.

4.4. Record Retention Compliance

Radixsol will comply with **California record retention requirements** for personnel files and HR documentation. All records will be maintained for the legally mandated duration and stored in secure systems to ensure confidentiality and accessibility for audits or legal compliance.

Master of Human Resource Management – National University Bachelor of Science in Business Administration – California State University, East Bay Associate of Arts in Business Administration – Diablo Valley College Associate of Science in Biology – Diablo Valley College **Senior Professional in Human Resources (SPHR)** **SHRM Certified Professional (SHRM-CP)** **CSAC County Senior Executive Credential Notary Public** **Registered Veterinary Technician**
Professional Experience
Bureau of Land Management – Supervising HR Specialist / Acting HR Officer **Jan 2025 – Present**

Responsibilities:

- Lead statewide HR operations including recruitment, staffing, pay administration, and workforce planning. Ensure compliance with complex federal and California employment regulations while mentoring HR staff and supporting executive initiatives.
- Conduct comprehensive reviews of HR systems, policies, and procedures to ensure compliance with FMLA, CFRA, ADA, FLSA, and Cal/OSHA.
- Develop and update policies and procedures to ensure consistent application of employee discipline and adherence to MOU provisions.
- Serve as a mentor and advisor to the HR & Payroll Manager, providing expert guidance on complex HR and compliance issues.
- Oversee and evaluate the efficiency, effectiveness, and compliance of recruitment and staffing programs.
- Provide technical and administrative leadership, establish performance standards, conduct evaluations, and lead strategic change initiatives.
- Integrate research and benchmarking to support workforce planning and HR decision-making, lead process redesign and change management efforts, facilitate workshops to improve operational alignment, translate policy into actionable guidance, optimize HRIS workflows, implement continuous improvement frameworks, and deliver structured mentorship and training tracking systems supporting public-sector consulting initiatives.

Shasta County – County Administrative Services Manager II / HR Consultant

Sept 2023 – Jan 2025

Responsibilities:

- Directed policy development, fiscal oversight, and operational support for multiple county departments under the County Executive Office. Served as liaison to Personnel, Risk, IT, and other administrative divisions while ensuring compliance and efficiency across departments.
- Conducted reviews of departmental HR systems and policies to ensure compliance with California and federal employment laws.
- Developed procedures to ensure consistent discipline application aligned with MOU requirements.
- Mentored and advised HR and Payroll management staff on complex personnel and compliance issues.
- Led policy modernization initiatives to enhance operational efficiency and accountability across county departments.
- Oversaw budget monitoring, strategic resource allocation, and regulatory compliance for federally funded programs.
- Applied research and benchmarking to guide program improvements, executed process redesign and change management initiatives, facilitated cross-department workshops, translated complex policies into operational procedures, optimized HRIS systems, embedded continuous improvement strategies, delivered mentorship frameworks, and maintained comprehensive training tracking systems to support public-sector consulting assignments.

County of Mendocino – Staff Services Manager II / HR Consultant

Dec 2021 – Sept 2023

Responsibilities:

- Managed human resources, emergency preparedness, and grants administration functions with responsibility for over $1.5M in blended funding. Led organizational restructuring and workforce planning initiatives to improve operational performance and compliance.
- Conducted compliance reviews of HR policies, ensuring adherence to state and federal laws including FMLA, CFRA, ADA, and FLSA.
- Implemented fair and consistent disciplinary practices in accordance with MOU provisions. Mentored HR and Payroll management in navigating complex HR matters and performance management challenges.
- Designed and executed employee training and leadership development programs, enhancing staff engagement and performance.
- Reduced recruitment timelines by 50% through strategic process redesign and implementation of new evaluation systems.
- Drove research-based program improvements, implemented benchmarking strategies, led process redesign and change management, facilitated workshops to support organizational restructuring, translated complex policy into actionable procedures, optimized HRIS and tracking systems, promoted a culture of continuous improvement, delivered public-sector consulting expertise, built mentorship frameworks, and maintained robust training tracking systems.

Solano County – Employee Services Supervisor / HR Consultant

Apr 2019 – Sept 2021

Responsibilities:

- Led centralized HR and employee support services for a 575-employee public agency, overseeing leave management, disability programs, workers' compensation, employee relations, payroll/HRIS, training, and budgeting. Advised executives and department heads, aligning HR strategy with organizational goals while driving innovation, compliance, and operational efficiency.
- Spearheaded the COVID Taskforce—managing pandemic-related leave tracking, return-to-work processes, and policy communication with field leaders, unions, and employees. Oversaw all leave types (FMLA, CFRA, PDL, PFL, COVID, military) and led workers' comp and accommodation programs to ensure legal compliance and support.
- Directed payroll processing, HRIS upgrades, and key personnel actions such as merit increases and evaluations.
- Designed and implemented agency-wide training and development programs, led onboarding, and created tools to improve staff support and retention.
- Managed budget forecasting, purchasing, statistical reporting, and position control, maintaining f iscal responsibility and sustainability.
- Praised by leadership for strong initiative, efficiency, and collaboration; recognized for being proactive, reliable, and technology driven.
- Utilized research and benchmarking to enhance program design, led extensive process redesign and change management projects, facilitated workshops during crisis response, translated evolving policy into operational procedures, optimized HRIS systems during high-demand periods, drove continuous improvement, contributed public-sector consulting expertise, implemented mentorship frameworks, and built comprehensive training tracking systems supporting agency wide compliance.

Lead Technician Supervisor/HR Consultant VCA **Jun 2013 to Mar 2021**

Responsibilities:

- Performs a wide range of difficult to complex administrative activities related to the hospital, providing high quality patient care and excellent client service.
- These activities include, but are not limited to, management of finances and accounting, marketing and promotion of services, staffing and personnel operations, and other discretionary activities which serve to support effective business operations.
- As the Lead Technician Supervisor, oversaw a staff of 60 employees in a large 24 hour run emergency/general practice veterinary hospital. Job required me to interview, hire, train, and provide performance reviews for the technical staff.
- Responsible for employee relations and communications, disciplinary action, terminations, training and development, and injury reporting.
- Scheduled employees over a variety of staggered shift times 24 hours a day while coordinating with the business needs.
- Additional duties included payroll, time clock maintenance, drafting operating procedures, and sending policy changes to staff.
- Met regularly with the Medical Director to discuss, evaluate, and plan for the welfare of the business.
- Attended regional company meetings, plan and participated in monthly management meetings, and organized and led monthly staff meetings for my team.
- Paired with a doctor to organize and conduct bi-monthly evening training/lectures to improve staff development as business needs didn't allow this to be done during regular hours.
- Reduced availability to an on-call/relief capacity and averaged one shift a month or less while pursuing another career path.

Registered Veterinary Technician/HR Consultant San Francisco SPCA

Apr 2011 – Apr 2018

Responsibilities:

- Staff Management: Training, education, developing of staff; Scheduling; Assign job responsibility to each staff member; Supervise staff to ensure that each job is being effectively handled; Delegate tasks as needed to staff members; Monitor employee competence and effectiveness. Client Management: Oversee client flow to ensure that clients and patients are seen and treated in a professional, timely, and competent manner; Resolving client complaints; Billing, calculation and application of any discounts or grants for estimates and charges incurred; Review charges daily to ensure that all charges have been captured; Understand, participate, and support planned marketing events and programs.
- Office Management: Modify and update systems and procedures wherever needed to better serve clients, patients, the practice, and employees (i.e., modify schedules for the most productive use of time); Verify receipt of supplies, mark invoices, and packing slips received; Ensure hospital logs are being kept up to date and accurate including anesthesia/surgery, radiology, and controlled substance logs; Ensure that the OSHA and Safety program, procedures and reporting are being continuously monitored and updated, so the hospital is in safety compliance.
- Facility Maintenance: Oversee the maintenance/housekeeping of the hospital for orderliness and cleanliness of both the inside and outside of the building; Monitor janitorial responsibilities; Oversee facility and equipment maintenance and repairs, keeping a repair log.

- Patient Care: health assessment, radiographs, gingival flaps, and performed extractions and sutured as indicated while simultaneously monitoring anesthesia independently; Assist with surgeries including but not limited to collaborating on drug protocols, safe induction, prep, monitoring and recovery, and complete and accurate data entry of surgical records; Perform epidurals as indicated; provide/perform treatments and diagnostics as assigned by DVM.

8. Cost Proposal

Service Description	Hourly Rate (USD)	Monthly Retainer Option (USD)	Fixed-Fee Project Option (USD)
Lead HR Consultant / Mentor –	$67/hour	$67 hr /month (based on approx. 60 hrs/month)	$ 48240 total (8–12-month engagement, not-to-exceed amount)
Estimated Total Hours:	**720 hrs (project term)**		
Total Not-to-Exceed Amount:	**$ 48240**		

"***Radixsol is open to negotiating the budget and adjusting the engagement term (within 6–12 months) to align with PID's needs and available funds."***

Staffing Narrative

Radixsol will assign a single **Lead HR Consultant / Mentor** to deliver all services described in the Scope of Work over a 12-month period. This consultant will serve as the District's primary point of contact and will lead all activities, including policy and compliance review, toolkit and handbook development, mentoring, training, and capacity-building support.

The assigned consultant is a senior-level HR professional with extensive experience in **California public-sector human resources, compliance with FMLA/CFRA/ADA/FLSA/Cal/OSHA**, and leadership mentoring. This model ensures consistency, accountability, and efficient communication throughout the engagement.

To support efficiency and timeliness, Radixsol may utilize internal administrative and technical resources for document formatting, scheduling, and workflow setup. These support functions are fully included in the proposed rate and will not incur additional costs.

Upon completion of the 12-month engagement, Radixsol remains available to provide continued mentorship, policy maintenance, and advisory services as requested by the District.

Optional Renewal and Ongoing Support

At the conclusion of the initial 12-month engagement, Radixsol understand that the District's human resources needs may continue to evolve as new policies, labor regulations, or operational requirements emerge. To maintain continuity and strengthen long-term HR performance, Radixsol offers **optional renewal and ongoing support services**, available at the District's discretion.
